

# PAN AFRICAN COMMUNITY ENDOWMENT SPECIAL INITIATIVE GUIDELINES

The Pan African Community Endowment grant-making focuses on efforts around community needs that are most relevant to the broad and diverse Pan African community. We focus on four strategic initiatives which are Health, Housing, Justice and Education. These focus areas allow us to have a broad impact on the Pan African community.

**Below are the guidelines for each initiative:**

## **1. Health**

The health initiative seeks to support organizations and programs that work with the Pan African community on health disparities and health education issues. Collaborative efforts that target specific populations such as youth, elders and other impacted groups. Also, faith-based organizations showing the capacity to successfully enhance health efforts, and organizations that can effectively send messages to the Pan African community through print or broadcast media are encouraged to apply.

## **2. Housing**

Housing is a critical issue for the health and well being of Pan African families and the Twin Cities and other areas of Minnesota continue to face an affordable housing shortage. The Pan African Community Endowment will award grants to support new work or continue ongoing efforts to address housing issues in Pan African communities.

The Pan African Community Endowment is interested in funding groups and organizations to address new or continuing housing efforts in one or a combination of the following areas:

- Affordable housing organizing and advocacy
- De-concentration of the poor
- Effects of predatory and sub prime lending
- Environmental/hazardous chemicals in neighborhoods
- Foreclosures and Renter Displacement
- Home ownership and Home ownership Justice
- Outreach related to affordable housing
- Public housing
- The work of community development organizations (CDCs)
- Financial Education and other housing issues

Grants may be awarded as challenge grants for the strategic planning of an approach or to address housing issues. Grant funds must be used to support a project that most closely supports the housing initiative's priorities listed above. This may include an experienced practitioner with a track record of collaboration or a project that consist of other foundations, lenders, non-profit organizations and/or housing practitioners.

## **3. Disparities in the Justice System**

Focus is on the disproportionate rate of incarceration of the Pan African community members in Minnesota.

Grant funds must be used to support programming that is focused on education and, re-entry into the community and/or policy advocacy. Proposals to develop a strategic plan, or programs to promote awareness, inform, and educate Minnesotans of the issue will be considered.

Collaborations and partnerships of two or more community agencies are strongly encouraged to apply.

## **4. Education**

Focus for this initiative is to primarily benefit charitable organizations that provide educational support services and programs that target at risk high school age African American youth. Proposal for programming that help increase the educational achievement for Pan African youth, and services that demonstrate the ability to improve the graduation rate for Pan African students are also encouraged to apply.

<b>REQUIRED DOCUMENTS</b>
---------------------------

All applications must include the items listed below. **If you are using a Fiscal Agent, all of the requested documents must also be submitted for that organization.**

- A copy of the organization's most recent **letter of exemption from the Internal Revenue Service** demonstrating that it is an organization exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code, and stating whether or not it is a private foundation.
- Audit or year-end **financial statement** of the organization for the most recently completed fiscal year, and the organization's operating budget for the current year.
